

CarSmart A/C System Performance Inspector

The CarSmart A/C Inspector from CPS Products Inc. is designed to provide quick and easy non-invasive A/C system performance analysis.

Simply attach the red clip outside to the front of the grill near the condenser and the blue clip to the centre cabin vent inside and your ready to go.

In two minutes the CarSmart A/C Inspector (TAC1100) compares outside humidity and temperature coming from the A/C vent to determine whether the A/C system is operating within original equipment manufacturer specifications.

The information can be displayed on any smart phone through a CPS Link
