

Hydraulic Crimper

This comprehensive hand tool and die set is perfect for any AC engineer needing to create new lines or modify existing lines.

Dies included in this kit are:

Reduced Bore Sizes - 6, 8, 10, 12.

Standard Bore Sizes - 8, 10, 12.

Please note, number 8 reduced bore should be used for a standard bore number 6 fitting.

48-0003
