

Elke Recovery Unit **R134a**

Oil-less, air-cooled, piston recovery unit for R134a.

This is a great tool for the mobile engineer or a small workshop where space is a premium.

A mains powered 3/4HP motor makes this a powerful alternative to a free standing machine.

Automatic safety shut off - 38.5bar

Weight - 13.5kg

48-0001B
