

## **Elke Recovery Unit** **R1234yf**

*Oil-less, air-cooled, piston recovery unit  
for R1234yf.*

*This is a great tool for the mobile  
engineer or a small workshop where  
space is a premium.*

*A mains powered 1HP motor makes this  
a powerful alternative to a free  
standing machine.*

*Automatic safety shut off - 38.5bar*

*Weight - 14.5kg*
