

R134a OILS & DYES

We stock a large selection of oils for hybrid and NON-Hybrid vehicles along with Ester & PAO.

We have a vast range of different UV Dyes for different applications including standard, Hybrid/Electric, Spot-gun® & Glo-leak.

All our **ELKE** UV Dyes are specially formulated to meet SAE J2297 & J2298.

All our **ELKE** Oils are double end capped, this helps make the oils less hydroscopic.
